1. Introduction

This versatile stand is specifically designed for displays, aiming to free up your valuable desk space. It is crafted from high-quality, full-aluminum alloy, ensuring sturdy support and structural stability without compromising portability.

The functional design addresses key user needs: three adjustable height settings allow quick adaptation for both seated and standing viewing positions, while smooth 360-degree rotation within the horizontal plane enables easy orientation adjustments. It is compatible with the universal VESA standard, and its most significant advantage is that it requires no tools for assembly—simply unfold and it's ready for immediate use.

After use, it can be quickly folded away for compact storage. Whether in the office, study, or living room, it seamlessly integrates into your environment, instantly creating a cleaner and more efficient personal workspace.

2. Features

- Precise Compatibility
 - Compatible with 14-inch, 15.6-inch, 18.5-inch, and 21.5-inch displays
 - VESA standard compatible: 75×75 mm
- Adjustability
 - 3 Adjustable Height: ①143mm ②200mm ③237mm
 - 360° Horizontal Rotation
- Construction
 - Full Aluminum Alloy Body
 - Foldable Design
- Installation
